

## MAKING ONE FREIGHT CAR DO THE WORK OF TWO

One of the biggest jobs of the U. S. Railroad Administration has been to make one freight car carry as much freight as was formerly carried by two. This is being accomplished by heavier loading and quicker unloading upon arrival at destination. In the Fertilizer Industry, for instance, the average carload formerly was 21.31 tons. Through strenuous efforts the average during the past year was raised to 30.02 tons.

Manufacturers willingly co-operate in this movement, even though it means added inconvenience for them. The chief difficulty comes from the local dealer and small purchaser who demand their less-than-carload orders sent on short notice. Local dealers, agents, farmers, and others must realize the necessity of placing orders early so as to allow time for grouping and making up full carloads.

## After the Show

THE flavory goodness of GOZO is apparent at all times, and especially so as a refreshment.

The absolute purity and the wholesome and invigorating qualities of this—most delicious of all cereal beverages, make it the favorite everywhere.

Order GOZO at Fountains, Restaurants and Cafes.

## President Wilson's War-Savings Proclamation

June 28 Designated as National War-Savings Day.  
All Citizens Asked to Pledge to Save and  
Buy War-Savings Stamps on or  
Before June 28th.

"This war is one of Nations, not of armies, and all of our one hundred million people must be economically and industrially adjusted to war conditions if this Nation is to play its full part in the conflict. The problem before us is not primarily a financial problem, but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our Army and Navy. Thoughtless expenditure of money for non-essentials uses up the labor of men, the products of the farm, mines and factories, and overburdens transportation, all of which must be used to the utmost and at their best for war purposes.

"The great results which we seek can be obtained only by the participation of every member of the Nation, young and old, in a National concerted Thrift movement. I therefore urge that our people everywhere pledge themselves as suggested by the Secretary of the Treasury to the practice of Thrift, to serve the Government to their utmost in increasing production in all fields necessary to the winning of the war, to conserve food and fuel, and useful materials of every kind, to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency, and that the people as evidence of their loyalty invest all that they can save in Liberty Bonds and War-Savings Stamps. The securities issued by the Treasury Department in peace times is a virtue, and brings great benefit to the individual at all times. With the desperate need of the civilized world today for materials and labor to win the war, the practice of individual Thrift is a patriotic duty and a necessity.

"I appeal to all who own either Liberty Bonds or War-Savings Stamps to continue to practice economy and thrift, and I appeal to all who do not own Government securities to do likewise and purchase them to the extent of their means. The man who buys Government securities transfers the purchasing power of his money to the United States Government until after this war, and to that same degree does not buy in competition with the Government.

"I EARNESTLY APPEAL TO EVERY MAN, WOMAN AND CHILD TO PLEDGE THEMSELVES ON OR BEFORE THE TWENTY-EIGHTH OF JUNE TO SAVE CONSTANTLY AND TO BUY AS REGULARLY AS POSSIBLE THE SECURITIES OF THE GOVERNMENT, AND TO DO THIS AS FAR AS POSSIBLE THROUGH MEMBERSHIP IN WAR-SAVINGS SOCIETIES. THE TWENTY-EIGHTH OF JUNE ENDS THE SPECIAL PERIOD OF ENLISTMENT IN THE GREAT VOLUNTEER ARMY OF PRODUCTION AND SAVING HERE AT HOME. MAY THERE BE NONE UNENLISTED ON THAT DAY."

(Signed) WOODROW WILSON.

## WAR SAVINGS DAY TO BE JUNE 28TH

MISSOURI EXPECTED TO RAISE  
HER FULL QUOTA ON THAT  
PATRIOTIC OCCASION.

FIFTY MILLION TO BE RAISED

President, Governor and Mayor of  
Every Municipality to Issue  
Proclamations for This  
Event.

The President of the United States has proclaimed June 28 as National War Savings Day. Governor Frederick D. Gardner and the Mayor of every community in Missouri already have or will issue proclamations asking that every Missourian on June 28 pledge themselves to buy War Savings Stamps between June 28 and December 31, 1918.

Missouri's quota in this patriotic campaign is \$71,000,000. Of this amount practically \$21,000,000 already has been subscribed and the money forwarded to the United States Treasury in Washington. On our Pledge Day, June 28, we are to secure \$50,000,000 in pledges for the purchase of War Savings Stamps.

The majority of the County War Savings Committees have completed their plans for June 28. Meetings will be held on the afternoon of this day in every school house and town hall, courthouse and moving picture theater in our state. Missourians on this occasion will again demonstrate their patriotism and put our state "over the top" in this patriotic drive.

The Four-Minute Men of the local communities are expected to give wide publicity to Pledge Day.

The State of Nebraska in one day obtained enough pledges for its entire quota. It is the Nebraska plan that occasioned the President of the United States to designate June 28 as National War Savings Day. The plan that worked out successfully in Nebraska will be carried out in every State in the Union. It resolves itself around a complete canvass of every man, woman and child in every county. The tillers of the soil probably will be busy on June 28, but they have been asked by the President and the Governor of our state to attend one of the local War Savings meetings on June 28 and make a pledge to help finance our Government in this crisis.

The gravity of the war situation has now reached every home. There is not a community in Missouri that is not represented in France or in

the various cantonments of the United States. The casualty lists already are causing vacant chairs in the households, and heretofore of our boys is being chronicled in the daily newspapers.

Featus J. Wade, State Director for the War Savings Committee of Missouri, feels confident that Missouri is going to oversubscribe its quota on Pledge Day.

In an interview, Director Wade says: "The liberality and patriotism shown by Missourians during the second Red Cross campaign only evidences the unselfishness of our loyal Americans.

"It's win the war at any cost, and all of us are willing to sacrifice our lives and give our limit financially to achieve the greatest of all goals, perpetual liberty. The oversubscriptions for the Third Liberty Loan and the second Red Cross campaigns are but a forerunner of what we can expect on June 28.

"Secretary of War Newton D. Baker officially announces that we are sending on an average of 90,000 men to France a month. These heroes and the hundreds of thousands of others who will be fighting our battles are asking very little when they request us to furnish them with food and clothing and ammunition in order to eliminate autocracy.

"Many of us showed an apathy in helping to finance the war when we began our War Savings campaign in Missouri. It was not because of the lack of patriotism on our part, but an underestimation of the strength of the Hun.

"Our optimists thought the war would be of short duration, and that sufficient money was in the coffers of Uncle Sam to insure victory. The awakening has come, and we must all help to pay the \$50,000,000 a day it is costing the allies to conduct this war.

"Missouri is going to oversubscribe its quota of War Savings Stamps on June 28, and my forecast is merely the prediction of the 114 county chairmen in our state."

The Government needs money, and needs it badly, as the estimated daily cost of the war to our allies is \$50,000,000. The President in his proclamation makes an earnest appeal to every man, woman and child in Missouri, to pledge themselves on or before June 28 to save constantly and to buy as regularly as possible War Savings Stamps. Our Commander-in-Chief of the Army and Navy has called upon a volunteer army to be mustered for June 28, and every person should on that occasion go to the firing line, to make a solemn pledge to help the Government win the war by subscribing for War Savings Stamps. It is not necessary for individuals to wait until June 28 to make their pledges, as they can do so at any time with any banker in their local community or with any of the local War Savings Societies.

The object of the President of the United States, of the Governor and of the mayors of every municipality in the state in designating June 28 as War Savings Day is that enough pledges will be secured by that date to at least assure Missouri's quota.

## Political Announcements

**FOR CONGRESS**  
I hereby announce myself as a candidate for renomination for member of Congress from the Fourth District of Missouri, subject to the decision of the Democratic primary, August 6, 1918.  
CHARLES F. BOOHER.
